

BRANDMAN UNIVERSITY

OFFICE OF THE CHANCELLOR

September 21, 2020

Attn: Maureen Maloney, Vice President

WASC Senior College and University Commission

Dear Dr. Maloney:

You have received correspondence from The Century Foundation (TCF) asserting that Brandman University has made a misleading advertising claim. Our advertising claim is

that students are “2x more likely to graduate”.

We received the inquiry from TCF at a time when we were very active in preparing for the Fall session which started on August 31st. As you know, the pandemic has caused this to be an especially challenging year for higher education. Our preparations for the fall semester and helping our very diverse student body during this very troubling time occupied our full attention. We made several attempts to advise TCF of this reason for our delayed response.

Ultimately, we decided to pull the claim from our advertising rather than pull resources away from students to respond to TCF. Now that we have time, and the availability of our Institutional Research team, the attached *Data Exhibit* shows that our claim of “2x more likely to graduate” is correct and not misleading.

The Principal Competitive Set that is used for the comparison includes 56 for-profit institutions, 20 not-for-profit institutions and 18 public institutions. As not all institutions report in all categories, the numbers can differ by cohort category.

The Appendix of the *Data Exhibit* provides the full list of all the IPEDS institutions in the Principal Competitive Set. Inclusion of these institutions is based upon the following sources.

- (1) The University's 2010 participation in the NCHEMS Comparison Group Selection Service
- (2) Annual academic strategic planning with Deans' Council – institutions from IPEDS data exhibits (i.e., largest California private enrollments, largest or NCHEMS nationwide online enrollments)
- (3) Annual academic strategic planning with Deans' Council – National Student Clearinghouse exhibit (i.e., tracking UG fall applicants who choose to enroll elsewhere)
- (4) Other four-year institutions partnered with Guild Education
- (5) As part of the University's curriculum process, institutions selected on an on-going basis by academic leadership and/or IR for competitive analyses to inform new academic program development + continuous improvement for existing academic programs

We believe that the 8-year graduation rate is an important measure. It shows both the quality of student support and loyalty to the institution. It is the only measure featured by the College Scorecard. Regardless, for the purpose of this analysis, we have included the 4-year, 6-year, and 8-year graduation rates for both full-time and part-time students.

Non-First-Time Cohort: Brandman University vs Principal Competitive Set – Times More Likely to Graduate			
Cohort Type	4-Year	6-Year	8-Year
Non-first-time full-time	2.151	1.953	1.933
Non-first-time part-time	2.707	2.281	2.147

It is also interesting and important to note the success of our Pell students compared to the Principal Competitive Set.

Non-First-Time Pell Grant Recipient Cohort: Brandman University vs Principal Competitive Set – Times More Likely to Graduate			
Cohort Type	4-Year	6-Year	8-Year
Non-first-time full-time	2.413	2.152	2.132
Non-first-time part-time	3.365	2.845	2.766

The full details of our calculations are on the attached Data Exhibit. We believe that these statistics clearly show that the Brandman advertising claim is not false or misleading.

We are extremely proud that we so successfully serve a diverse, high need, first-generation student body that includes so many active military and veterans.

Please let me know if you have any questions.

Gary

University and Principal Competitive Set

Source:

U.S. Department of Education, National Center for Education Statistics, Integrated Postsecondary Education Data System (IPEDS), Winter 2017-18 Outcome Measures Collection. (Final Release Data as of March 29, 2019). Retrieved from <https://nces.ed.gov/ipeds/use-the-data> on September 11, 2020.

Principal Competitive Set:

The Appendix provides the full list of all of the IPEDS institutions in the *Principal Competitive Set*. All of these institutions are based upon the following sources.

- (1) The University's 2010 participation in the NCHEMS Comparison Group Selection Service.
- (2) Annual academic strategic planning with Deans' Council – institutions from IPEDS data exhibits (i.e., largest California private enrollments, largest or NCHEMS nationwide online enrollments)
- (3) Annual academic strategic planning with Deans' Council – National Student Clearinghouse exhibit (i.e., tracking UG fall applicants who choose to enroll elsewhere)
- (4) Other four-year institutions partnered with Guild Education
- (5) As part of the University's curriculum process, institutions selected on an on-going basis by academic leadership and/or IR for competitive analyses to inform new academic program development + continuous improvement for existing academic programs

Footnotes:

¹*Appendix:* Certain institutions report to IPEDS by various individual campuses (i.e., multi-campus). Data has been provided by how institutions report to IPEDS. Certain institutions may have changed its IPEDS campus offerings. As such, the list of institutions for the principal competitive set reflect as of September 11, 2020.

*1 institution within the *Principal Competitive Set* changed its institutional control for its IPEDS campus offerings: Purdue Global (formerly Kaplan) changed from for-profit to public. Institutional control status for this report is based upon the most recent.
